SUMMARY

I am a business professional transitioning into development. "Dedicated to continuous improvement" is my mission statement. I am willing, able, and eager to develop as a programmer.

PROJECTS

FIRST WEBSITE: CODE | HOSTED
Developed and designed an eight page site while at Valencia College. I utilized HTML5 semantic tags, CSS3 selectors, JavaScript, Git Terminal Commands, and FileZilla FTP.

RAYS ROSTER: CODE | HOSTED
Developed a ReactJS site using the create-react-app terminal command. Created each playing card by iterating over an object that stored all the player info. Included a search bar that changes state with search event.

EDUCATION

BACHELOR OF BUSINESS ADMINISTRATION, UNIVERSITY OF TOLEDO
Graduated cum laude in finance with an accounting minor.

COMPUTER PROGRAMMING, SEMINOLE STATE COLLEGE
Practiced iteration, initialization, conditional processing, sequencing, data formats.

WEBSITE DEVELOPMENT, VALENCIA COLLEGE
Worked on front end development in collaborative and individual enironments.

TECHNOLOGIES

- HTML5
- CSS5
- JavaScript
- Bootstrap 4
- ReactJS
- Visual Studio Code
- Git/GitHub/GitBash
- FileZilla
- Tachyons
